The Black and White Strawberries

Photographed June 17th, 1934

I GOT IT OF FARMER

As one goes through the gardens and plantings of people who love flowers, plants, vines, shrubs, trees, etc.; we often hear some one say, "Where did you get that beautiful thing?" The answer, very frequently, in some places, almost invariably is, "I got it of L. J. Farmer." This is one of the most satisfying things about the nursery business, the fact that we handle things that make for beauty and so much pleasure everywhere. Very few nurserymen ever got very rich in earthly goods, the opportunities they have to show their generosity and public spirit are so many, that it takes away whatever small profits their business may show at the end of each year, but then, we cannot take material things with us when we go and what is the use?

LETTERS FROM CUSTOMERS

Oxford Co., Maine, May 1, 1934

Two years ago my mother, Mrs. Sturtevant ordered some strawberry and raspberry plants of you. The plants were all fine and strong. We took care of them the best we knew how and have enjoyed them. You inclosed some glads and they were beautiful. You sent your little book, Farmer on the Strawberry. I have read and re-read it and enjoyed it, it is so simply written and very clear and helpful. Please send me your latest catalogue.

Mrs. H. C. Henderson

St Johns, New Foundland

A few years ago you shipped me an orange and a lemon plant. The orange tree yielded 23 oranges and the lemon only two lemons, but they were as large as my fist. I propogated them in my wife's room (she is still an invalid). This certainly was unique in Newfoundland's experience.

Fragaria Nurseries, Pulaski, N. Y.

L. J. Farmer's Price List, 1935

FRAGARIA NURSERIES was founded by L. J. Farmer, in 1883 when he was 17 years of age. At first strawberry plants only were handled, then other small fruit plants and finally a general line of Nursery Stock—shrubs, roses, trees, perennials, vines, etc. We continue to specialize in Strawberries and other Berry Fruits but handle a full line of other nursery products, in fact everything that grows about a suburban or country home. We solicit your patronage. Please make your order \$1.00 or more.

AT IT FIFTY-TWO YEARS

VALUABLE GIFT FREE

Every patron who orders goods to the amount of \$2.00 or more, will receive a gift of some valuable plants, bulbs, or seeds of our Mr. Farmer's selection.

BLACK AND WHITE STRAWBERRIES

The "Black Strawberry" is as near black as any strawberry could be, being as dark colored as the famous black tulip, La Tulipe Noire. The White Strawberry is of a pinkish ivory white. Both are of the highest quality and flavor. The White Strawberry is the sweetest strawberry that we have ever tasted. The Black variety is the firmest and best canning berry that we have even seen. Both are late varieties, the white one being very late, and we believe would do better if planted side of Pearl or some other very late variety. Price of Black and White plants, 10, 75c; 25, \$1.50; 100, \$5.

THIS BUSINESS FOR SALE

On account of age and failing health, we offer Fragaria Nurseries for sale. We will sell either the business alone or the farm and business together. No one need to expect to acquire this business, unless they have sufficient capital. I would prefer to sell a part interest to some young man, who would carry it on after I am gone. It has taken 52 years to build it up. We are conveniently located, widely known and no concern has a better reputation for service and pleasing customers. If no sale is made, the same standards will be maintained and the business will be pushed with the same vigor that has characterized it in the past.
